

Fall 2018 Pronghorn Lake Fly Fishing Rendezvous

Come experience trophy trout fly fishing at Pronghorn Lake!

October 27 -28, 2018

You're invited to attend the second Pronghorn Lake Rendezvous on October 27th and 28th, 2018. Trophy Trout over 20 lbs. have been caught in this nutrient rich lake. Pronghorn is located 45 minutes east of Klamath Falls in Southern Oregon, only a six-hour drive from Portland.

Pronghorn's fishing fee is \$200 per person for a 24-hour period. Arrive in the morning of Saturday the 27th, fish the afternoon and following morning. If interested, call Mike at Pronghorn at 541-281-3030, to make arrangements for your deposit.

The Rendezvous is a chance to enjoy some beautiful fall fishing and create memories with friends old and new. On Saturday, we will host a 15-minute introduction to the lake, where and how to fish it, what flies to use, etc. Meet at 11:30am at the boat ramp to take part.

Information on Pronghorn Lake:

This is a private lake located on the Pronghorn Ranch property in southern Oregon. If catching big fish is on your bucket list, you should add Pronghorn to the top of yours. This lake offers anglers the experience of hooking and landing rainbow trout that can exceed 30 inches in length and 20 lbs. in weight.

Pronghorn has plentiful shoreline cover and underwater plant growth providing an abundant supply of aquatic insects, as well as maintaining a viable minnow population. Access is best achieved using float tubes or electric motorized boats since there is limited shoreline access. Pronghorn Lake is stocked with Triploid Kamloops, the largest size of any strain of rainbow trout. Since they are sterile, Kamloops' energy is directed towards growth rather than reproduction. This strain of trout is also known for their robust fight, making them extremely fun to catch. I have often been taken into my backing while landing these knuckle busting behemoths.
